**Subject:** follow up from yesterday's meeting

Rick,

I left you a largely incoherent vmail earlier. I should know better than to leave a vmail while driving. Sorry about that.

Following our meeting yesterday I called Dow to check on the data question. Can you give me a call when you have chance to discuss? I want to send Nancy a message thanking her for the meeting but want to touch base with you before I do that.

Thanks  
Joe
